TO OWN A JAGUAR

For anyone who's enthusiastic about driving,
the chance to own a Jaguar is an ambition fulfilled.

Mention of the name Jaguar instills passion and anticipation around the world. It stands for design that is instantly recognisable yet continuously evolving. It promises and delivers legendary levels of comfort and sporty handling. Plus the benefit of years of competition at the highest levels of motor sport, to bring you responsive power with a sheer adrenaline thrill.

To own a Jaguar is to experience a unique spirit.
The spirit of emotional engineering.

TO DRIVE AN X-TYPE

Making superlative performance accessible is a Jaguar tradition. The X-TYPE upholds that tradition. Yet everything else about it is thoroughly rooted in the modern world.

Technology assures the X-TYPE stands at the forefront of its class. From the driver's seat, the view is of a fascia liberally equipped with helpful innovations that become instinctive and natural in a matter of minutes. Through the windscreen, the subtly sensuous curves of the bonnet that evoke the essence of Jaguar. An eagerness to explore the waiting road. Balance and grip to delight the racing driver in your genes. And a supple ride quality that's consistently calming.

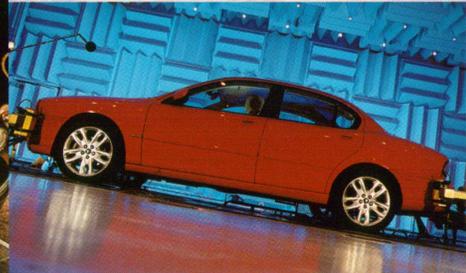

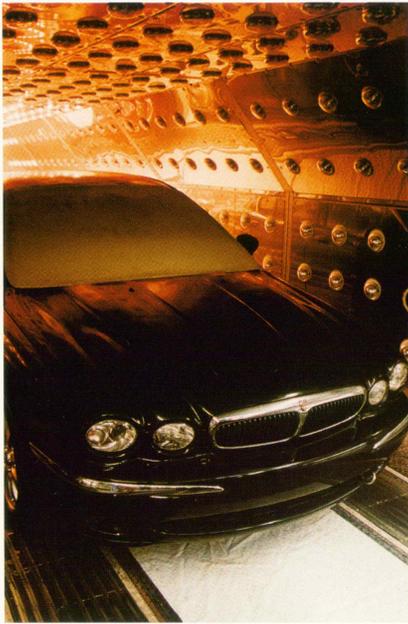

Affordable yet without compromise, the X-TYPE is a refreshing, rewarding route into Jaguar ownership.

X-TYPE INNOVATION

Jaguar has always been at the forefront of innovation. It was our endurance cars, for example, which decades ago pioneered the use of disc brakes and proved their advantages. This pioneering spirit never rests.

The X-TYPE is the first Jaguar ever to have four-wheel-drive, with the Traction[®] system on 2.5 litre and 3 litre V6 petrol models. The first Jaguar to offer a diesel engine; an advanced and responsive 2 litre turbocharged unit, matched to front wheel drive. Throughout, it's equipped with remarkable levels of driver control and safety systems technology.

This innovation is devoted to making your driving easier and more enjoyable and to complement another attribute which has won praise for Jaguar cars from our very first model: they simply feel great to drive.

X-TYPE CLASSIC
2 litre V6 petrol shown here in
Platinum paint with standard
16" Caicos alloy wheels.

ACCESSIBLE EXCITEMENT

THE X-TYPE RANGE

Deciding you want an X-TYPE is easy. But which will it be: X-TYPE Classic, luxurious X-TYPE SE or dynamic X-TYPE Sport? There are four engines to choose from: the 2 litre diesel, 2 litre, 2.5 litre or 3 litre petrol V6. All cars are equipped with a five-speed manual gearbox and for the petrol models, there's the option of a five-speed electronic automatic transmission.

Whatever X-TYPE you choose, you will enjoy exceptional value for money and something much harder to quantify; a sense of pleasure and pride that you'll experience every time you drive.

X-TYPE SE

Elegance and excellence; the luxurious X-TYPE SE is distinguished by chrome bumper inserts, boot plinth, window surrounds and full chrome grille. The 3 litre shown here in Zircon paint, enhanced by standard 17" Cayman alloy wheels.

X-TYPE SPORT

Body colour grille surround, boot plinth, bumper blades and de-chromed window surrounds, give the X-TYPE Sport athletic looks. The 3 litre shown here in Ultraviolet paint with standard 18" Aruba alloy wheels.

Jaguar quality is carefully safeguarded. Our leather interiors and veneers are still handpicked for every car. The introduction of Carbon Fibre shows how we're moving with changing tastes. In fact, our designers are finding inspiration all the time in new finishes, often from surprising sources, such as ceramics, glass and furniture as well as fashion.

Advances in technology allow great leaps forward to be made in Jaguar interiors, with innovations such as soft-feel and metallic flake polymers. These changes will be introduced gradually, and Jaguar will always be moving with or ahead of the trends.

KIM CHALLINOR
Manager, Colours & Trim

CRAFTSMANSHIP FOR THE MODERN AGE

X-TYPE INTERIORS

Jaguar interiors have always been luxurious. The X-TYPE maintains that quality and craftsmanship, with finely stitched cloth or supple leather and carefully matched wood veneers.

Yet X-TYPE also moves tradition into the modern age. Throughout the cabin, you'll find the benefits of ever-advancing technology. Standard equipment on every X-TYPE includes electric height adjustment for the driver's seat, air conditioning and a perimeter security system with intrusion sensing.

Car shown: **X-TYPE 3 LITRE SE** Zircon paint. Standard 17" Cayman alloy wheels. Champagne leather interior.

X-TYPE CLASSIC
In Warm Charcoal cloth with Bronze stained Sapele veneer

EXCLUSIVE DETAILING
Chrome audio speaker surrounds,
typical of our attention to detail.

PIANO BLACK FINISH
A Piano Black finish to the fascia, ashtray lid
& automatic transmission J-gate gear selector
surround, is optional for all models.

TWIN CUPHOLDERS
Conveniently located twin front cupholders
are standard on the X-TYPE.

X-TYPE CLASSIC
In Warm Charcoal cloth with Bronze stained Sapele veneer.

X-TYPE SE

ity, seen here in Ivory with Bronze
for the facia and door inserts. Shown
ission and touch-screen multimedia
y system, both available as options.

MEMORY DRIVER'S SEAT AND DOOR MIRRORS

The optional 10-way electrically adjustable front power seats feature three-position memory settings for the driver, ideal for accommodating the preferences of you and your passenger. The angle of the door mirrors automatically adjusts with the seats.

REAR CENTRE ARMREST WITH TWIN CUPHOLDERS

The rear centre armrest is fitted with twin cupholder (optional on the Classic model).

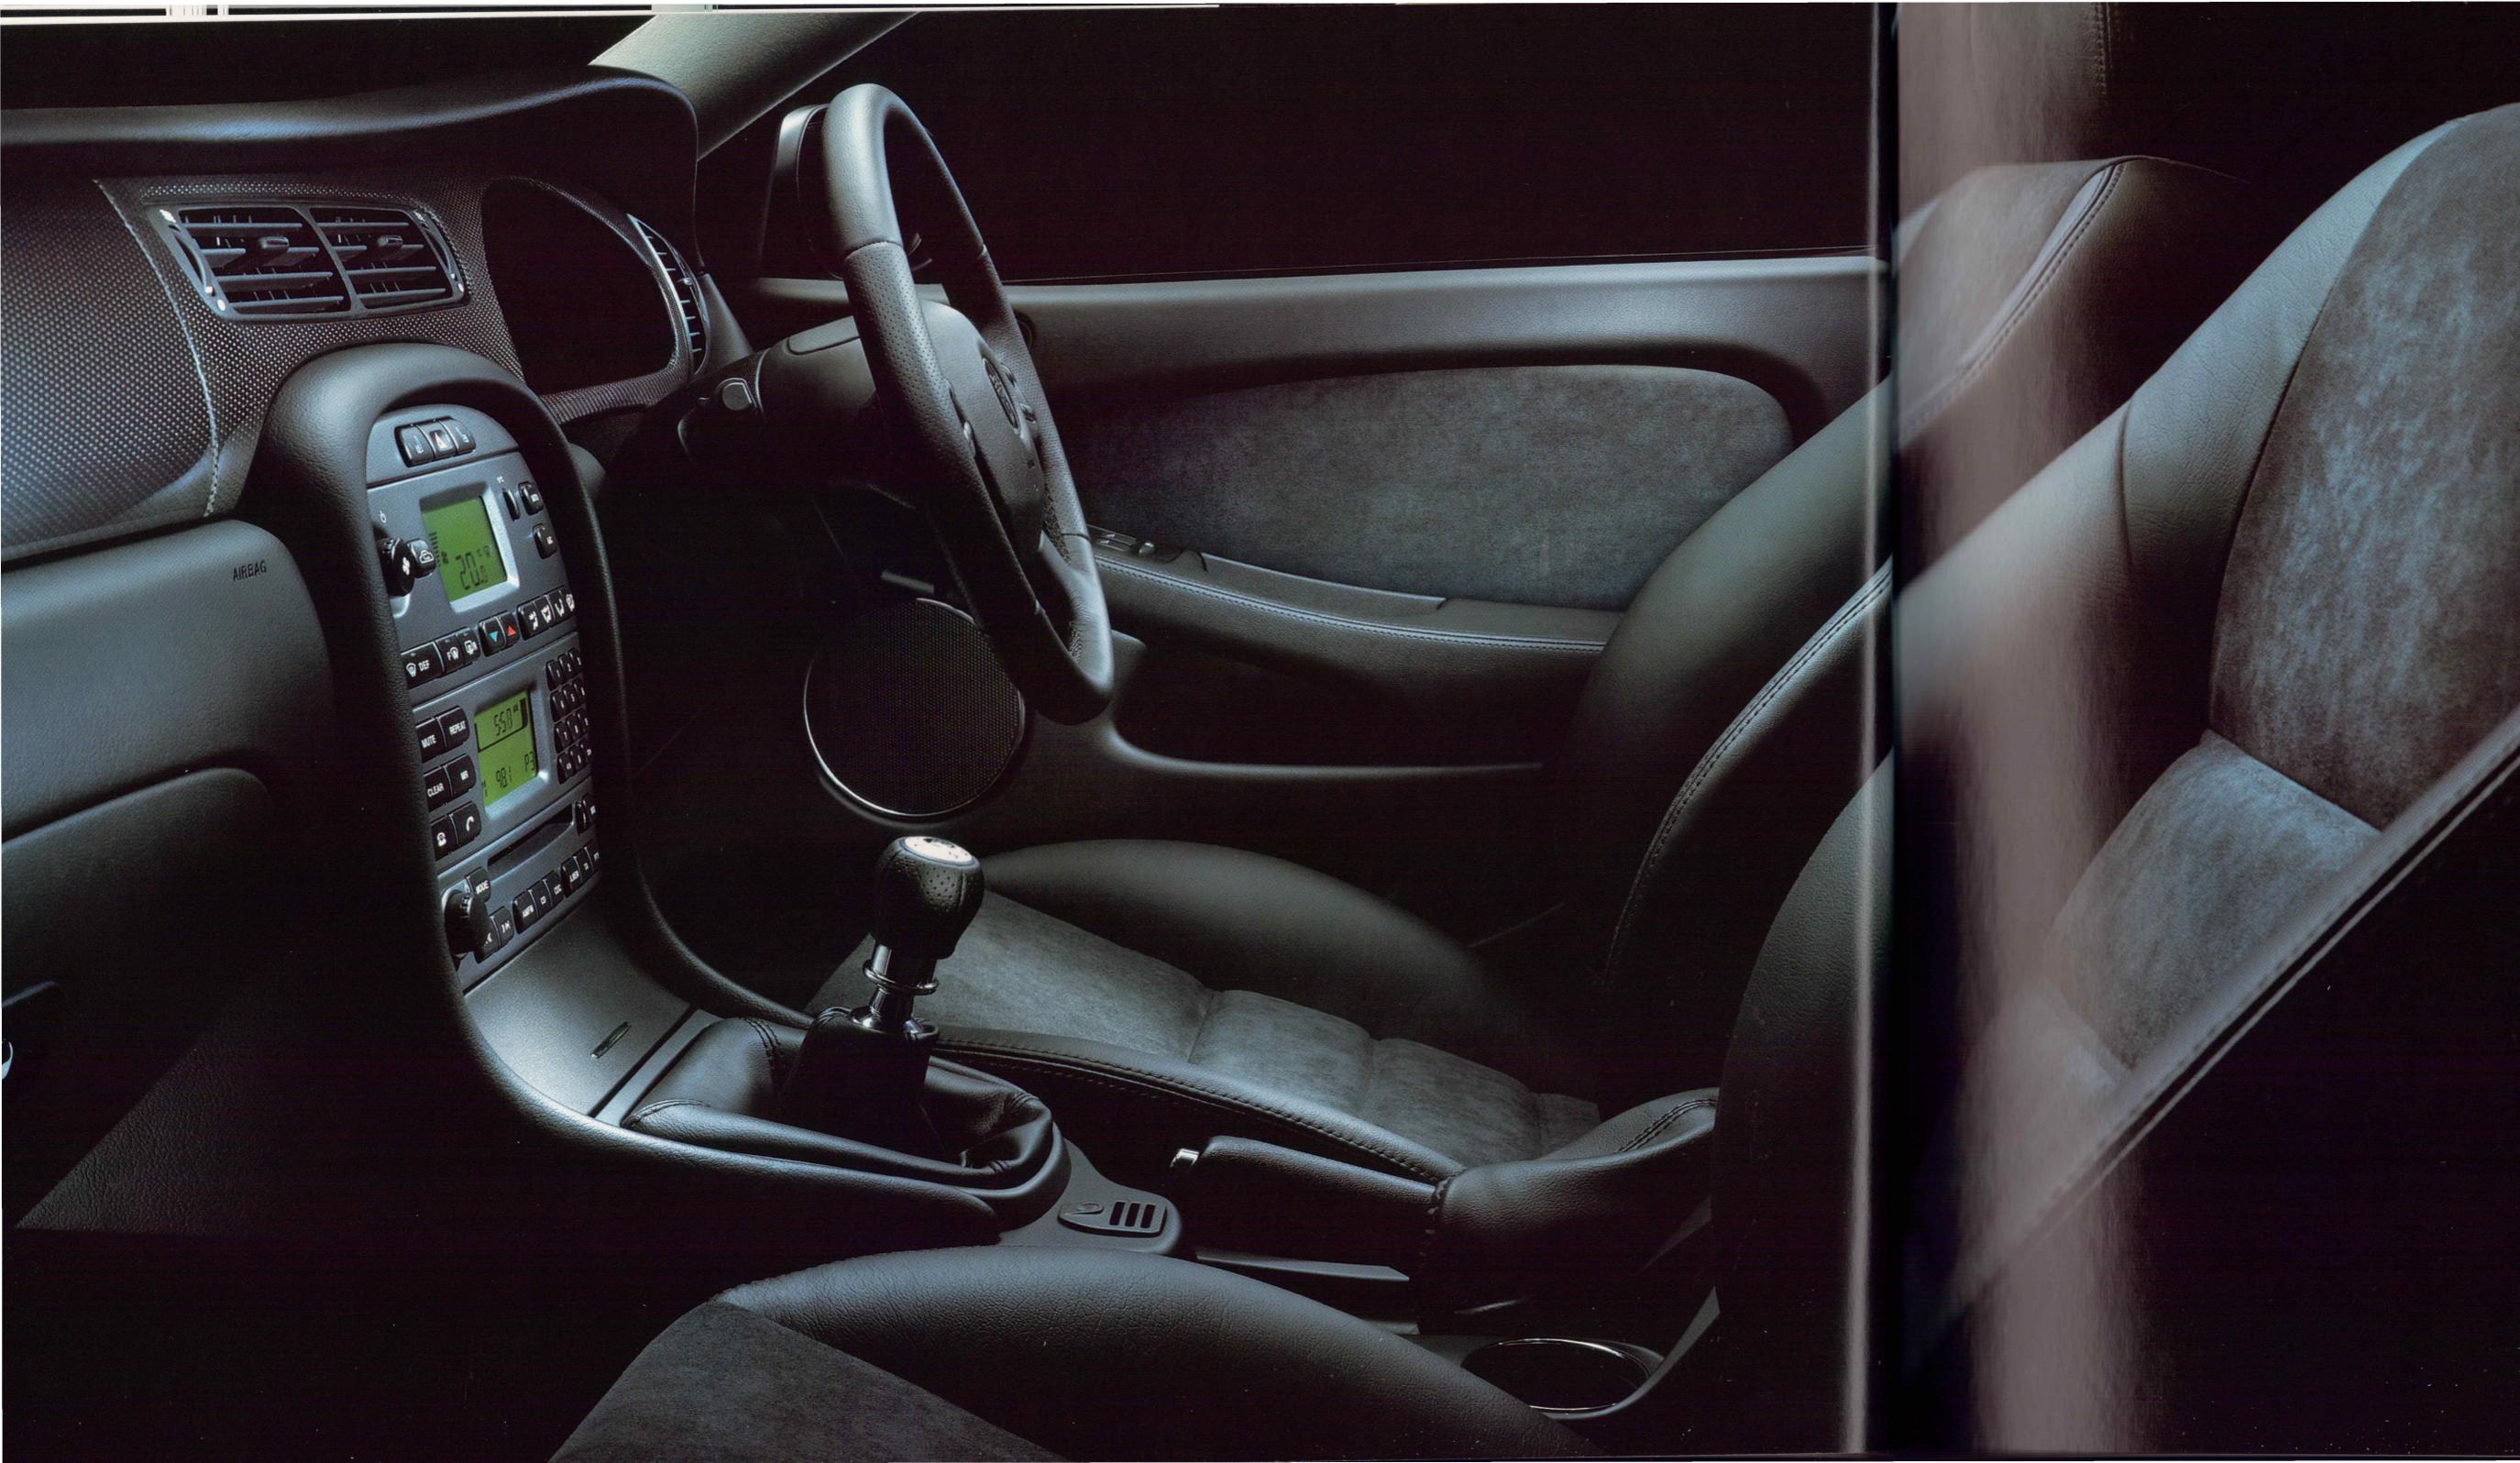

STEERING WHEEL CONTROLS

Switches for the cruise control and audio/telephone equipment are standard on the SE leather steering wheel.

X-TYPE SE

With full leather upholstery, seen here in Ivory with Bronze stained Sapele wood veneer for the fascia and door inserts. Shown here with automatic transmission and touch-screen multimedia display system, both available as options.

X-TYPE SPORT

Optional for the Sport: specially contoured seats
and complemented by Carbon Fibre veneer.

ALCANTARA® SPORT SEATS

Trimmed half in black leather, half in Alcantara®, the optional Sport seats have powered eight-way adjustment for the driver and two-way for the front passenger.

SPORTS LEATHER TRIM

Appropriately, the Sport features a racy perforated leather steering wheel and matching gearknob for its short throw gearshift.

CARBON FIBRE

Conveying a sporting theme, genuine Carbon Fibre fascia is optional for Sport interiors.

X-TYPE SPORT

Optional for the Sport: specially contoured seats trimmed in Warm Charcoal Alcantara® and complemented by Carbon Fibre veneer.

DRIVEN BY COMPETITIVE SPIRIT

X-TYPE TECHNOLOGY

For many decades, Jaguar's technology has put its cars at the front of their class. Redefining standards and offering new levels of driver control and satisfaction.

X-TYPE innovations include Traction[®] four-wheel-drive, standard on 2.5 litre and 3 litre petrol models. Electronic traction control, fitted to 2 litre diesel and V6 petrol models. Dynamic Stability Control with Emergency Brake Assist, automatic headlights, touch-screen control, plus JaguarVoice, which lets you control key functions simply by speaking (all optional). This technology is designed to minimise distractions and ensure you feel naturally and comfortably in control. So you can appreciate the quality for which Jaguar cars have become legendary: transforming an ordinary road into an exhilarating drive.

Car shown: X-TYPE SE. Optional Ivory leather interior and satellite navigation system.

MULTIMEDIA DISPLAY SYSTEM

The lightest touch on the seven inch LCD screen of this optional system selects the function you want from automatic climate control, audio, satellite navigation, television and GSM telephone (where fitted).

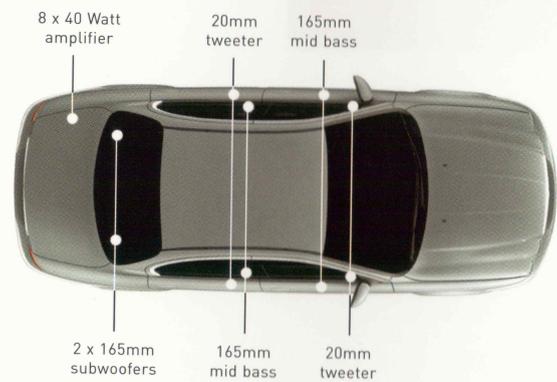

8 x 40 Watt amplifier

2 x 165mm subwoofers

JAGU
The c
br
in
sc

JAGUARVOICE

A worthwhile safety and convenience feature. Press a button on the side of the steering wheel and you can give voice commands for the main functions of the automatic climate control, audio, satellite navigation, television and GSM telephone (where fitted).

JAGUAR ALPINE PREMIUM SOUND SYSTEM

The optional Jaguar Alpine Premium Sound System brings you 10 unique Dual Direct Drive speakers that are acoustically tailored to the X-TYPE's interior. DSP technology also allows you to tune sound output to the number of people in the car and where they're sitting. This means that everyone, not only the driver, will enjoy premium-quality sound.

SATELLITE NAVIGATION

The optional satellite navigation system uses advanced DVD technology to access around eight times more information than a conventional CD-ROM. So you can drive across most of Europe, without changing discs.

PARKING ASSIST

Sensors detect any obstacles within their range, warning you with a series of beeps as you manoeuvre; the closer together the beeps, the nearer the car is to the object.

e bumpers
all spaces

RAIN-SENSING WIPERS
The optional rain-sensing wipers are activated by a screen-mounted sensor, which detects how hard the rain is falling and adjusts the wiper speed to match.

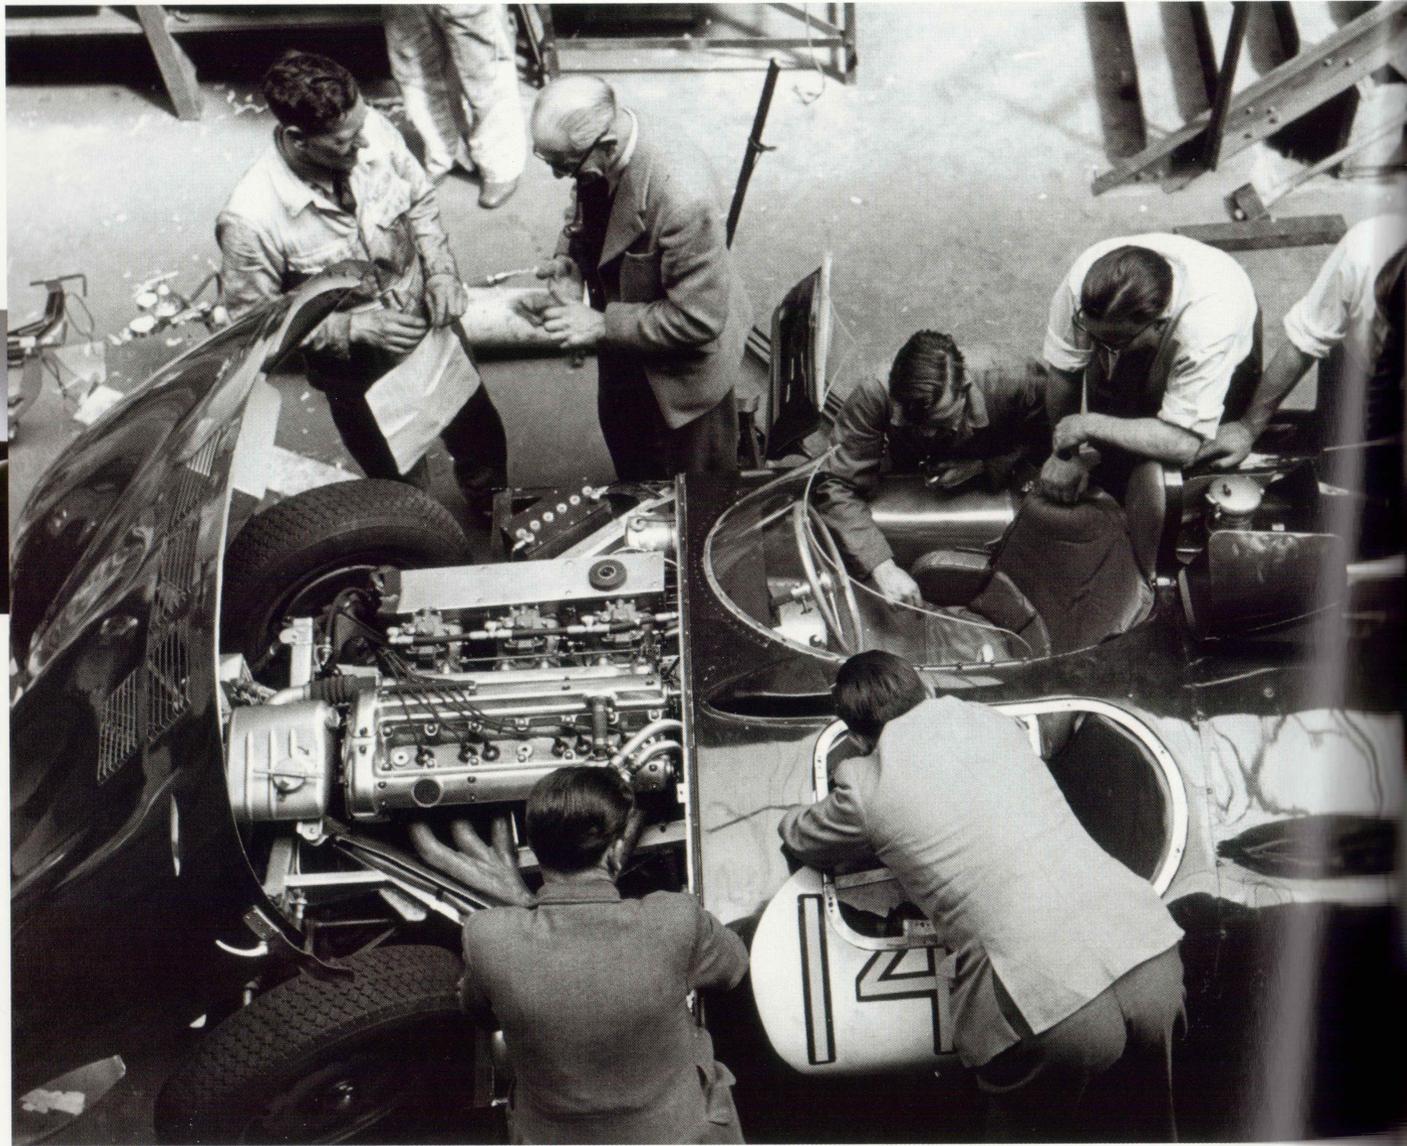

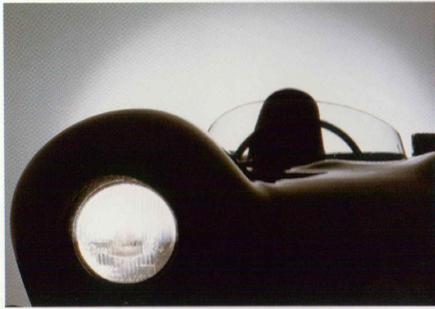

POWER FOLD BACK MIRRORS
Ideal for squeezing through narrow gaps and to prevent damage, the optional power fold back mirrors operate at the touch of a button.

PARKING ASSIST
Optional front and rear Parking Assist uses sensors in the bumpers and an audible warning to help you take advantage of small spaces in crowded streets.

RACING

It's in our blood and in your Jaguar. We've applied the lessons of racetrack success, such as pioneering technical advances and meticulous preparation, to today's road going Jaguars. So when you're driving, you'll feel the benefits of our competitive edge.

Jaguar road cars have benefited from our racing programmes for decades. Back in the early 1950s, the C-Type pioneered disc brakes in racing, leading to the XK150 becoming the first volume production car in the world with disc brakes on all four wheels as standard.

This exchange of knowledge continues today; sometimes our own research is so advanced that the Jaguar F1 team taps into it, for example with our traction control. Adapted for the F1 cars, it's proved it can endure extreme punishment. So we know that essentially the same system can perform with utmost reliability on the X-TYPE.

MIKE CROSS
Chief Engineer, Vehicle Integrity

V6 POWER

The heart of any performance car is its engine. The petrol choice for X-TYPE is a superb four camshaft, 24 valve V6. It produces most of its torque at low to medium engine speeds, giving a smooth surge of power for overtaking and relaxed, quiet cruising.

The lightweight, all-alloy V6. In 2 litre form, producing 157 bhp. The 2.5 litre, 191 bhp. The 3 litre, a thrilling 231 bhp. All with impressively refined and frugally frugal manners.

Use of the V6 in the X-TYPE brings particular benefits and not just in terms of its smoothness and performance. The V6 is a short, compact, stiff package, so its lightness contributes to good handling. It also helps us achieve excellent crush performance; because it's compact, it's less likely to compromise the passenger safety cell in a frontal impact; a valuable safety feature.

The diesel engine produces lots of low rpm torque and that's a vital feature; precisely the performance characteristics you want for usable, real-world acceleration and fast and relaxed cruising. It has real Jaguar DNA, so the X-TYPE Diesel definitely drives like a Jaguar.

TONY CARTWRIGHT
Chief Engineer, Powertrain

The lightweight, all-alloy V6. In 2 litre form, producing 157 bhp. The 2.5 litre, 194 bhp. The 3 litre, a thrilling 231 bhp. All with impressively refined and consistently frugal manners.

Use of the V6 in the X-TYPE brings particular benefits and not just in terms of its smoothness and performance. The V6 is a short, compact, stiff package, so its lightness contributes to good handling. It also helps us achieve excellent crush performance; because it's compact, it's less likely to compromise the passenger safety cell in a frontal impact: a valuable safety feature.

The diesel engine produces lots of low rpm torque and that's a vital feature; precisely the performance characteristics you want for usable, real-world acceleration and fast and relaxed cruising. It has real Jaguar DNA, so the X-TYPE Diesel definitely drives like a Jaguar.

TONY CARTWRIGHT
Chief Engineer, Powertrain

DIESEL PERFORMANCE
The X-TYPE 2 litre diesel is specially equipped to deliver genuine Jaguar performance. Short nozzle injectors and its innovative transient overboost produce an exceptional 350Nm torque (the highest output of any X-TYPE engine) for decisive, confident overtaking.

MAKE ECONOMIES, NOT SACRIFICES

X-TYPE DIESEL

REFINEMENT

Close attention to detail has made the X-TYPE 2 litre diesel engine remarkably quiet and refined. The rigid cylinder block reduces transmitted sound, whilst Noise Reduction Technology makes fine adjustments every 0.3 milliseconds, to match petrol engine levels of smoothness and responsiveness.

OWNERSHIP

Precision components made from advanced, highly durable materials have extended service intervals to 12,500 miles and ensured a long working life, reducing ownership costs. High efficiency and precise fuel metering result in very low fuel consumption, allowing over 600 miles on one tankful of fuel.

ENVIRONMENT

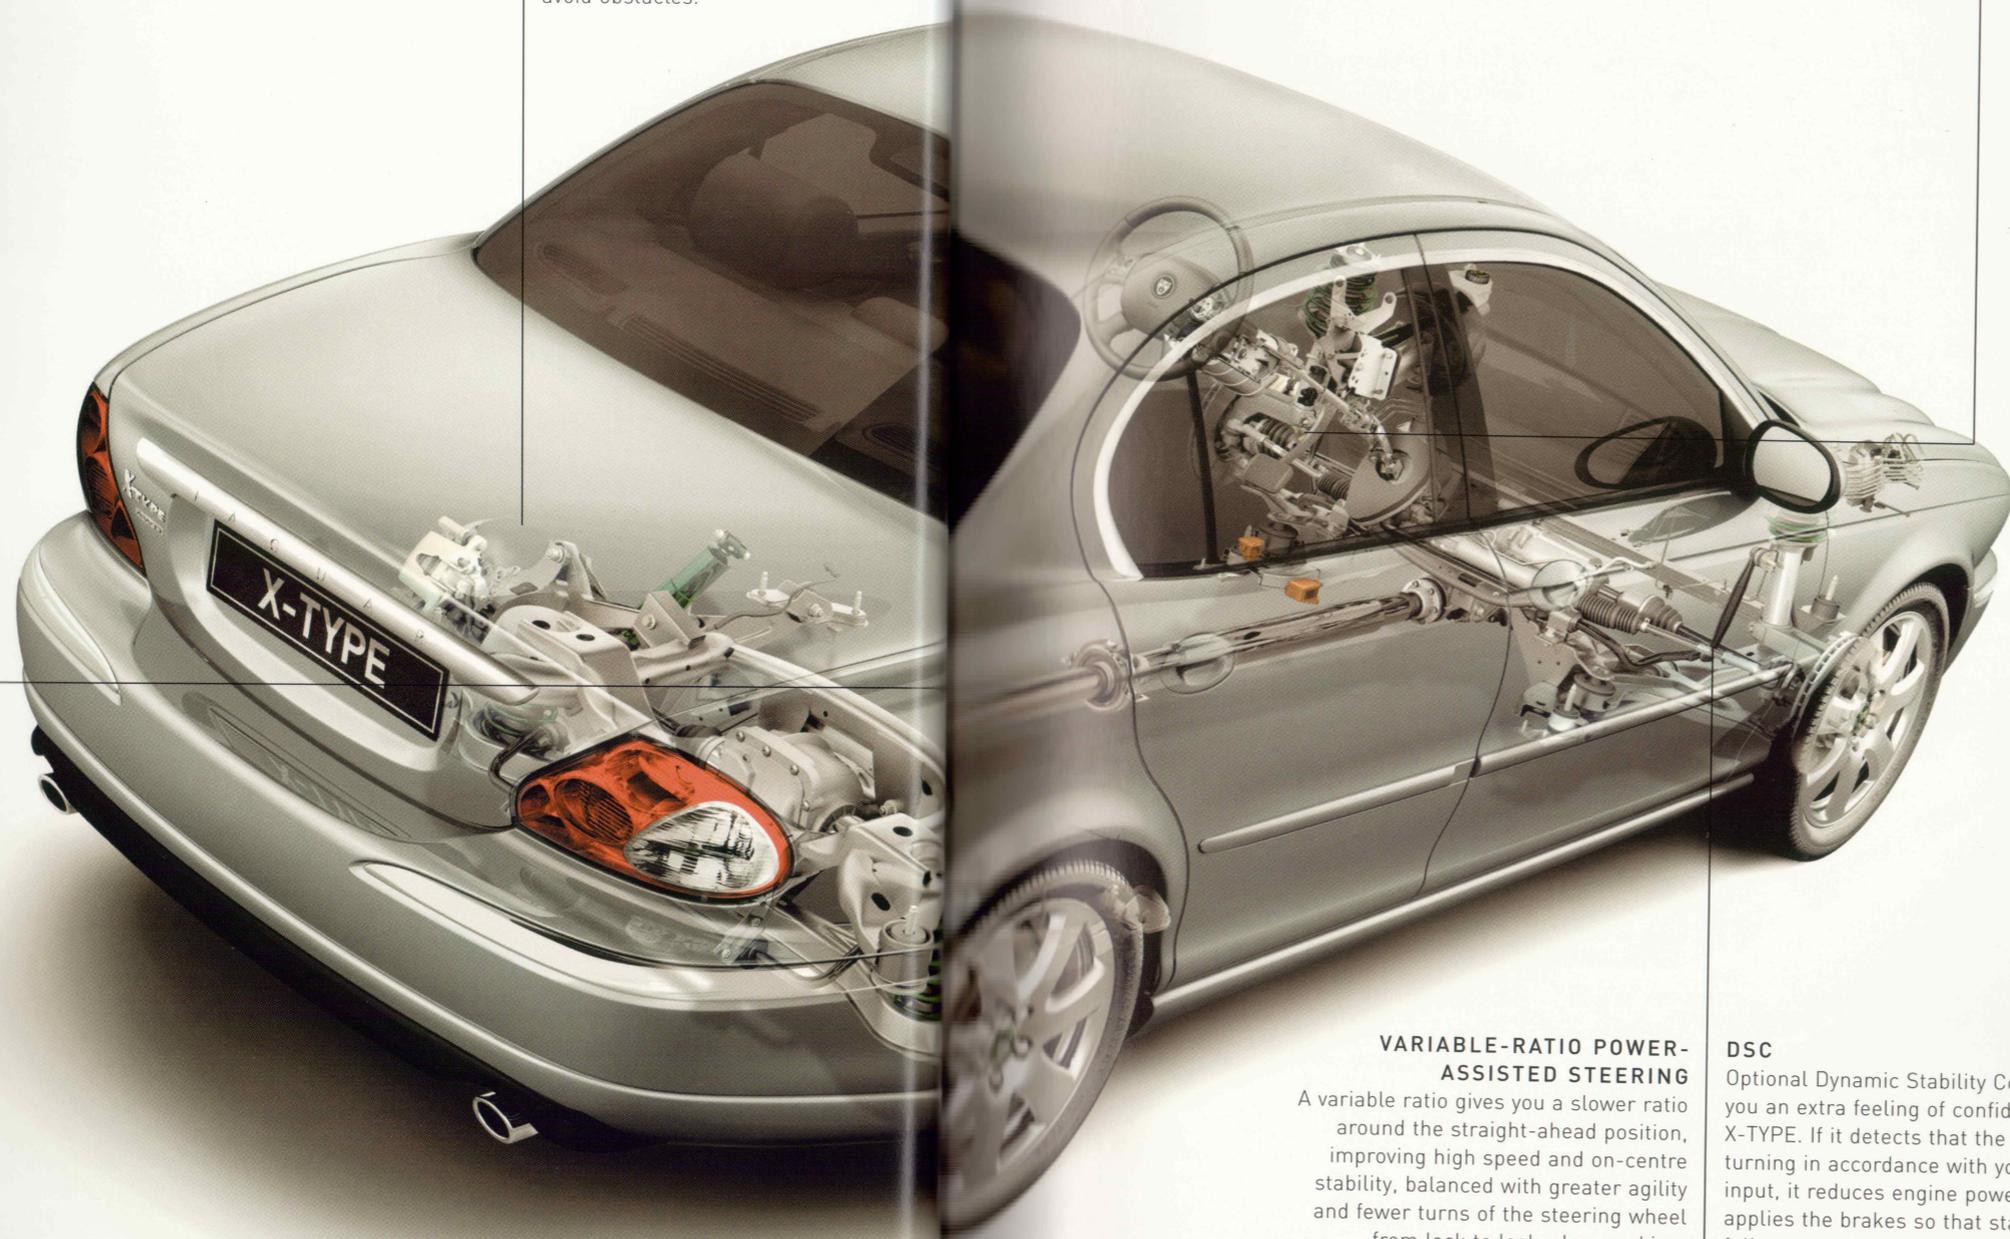

Accurate fuel metering and effective combustion are two key attributes of the 2 litre diesel, allowing cleaner engine running and low CO₂ emissions. In addition, most of the engine's torque is produced at low to medium engine speeds, when emissions are lowest.

EBD ABS

Electronic Brake force Distribution regulates the effort between the front and back brakes, taking the car's load and speed into account, to optimise stopping performance and vehicle stability.

The four-channel Anti-lock Braking System ensures that the wheels don't lock up during emergency braking even on wet, slippery surfaces, so it can help you retain steering control to avoid obstacles.

VARIABLE-RATIO POWER-ASSISTED STEERING

A variable ratio gives you a slower ratio around the straight-ahead position, improving high speed and on-centre stability, balanced with greater agility and fewer turns of the steering wheel from lock to lock when parking.

DSC

Optional Dynamic Stability Control gives you an extra feeling of confidence in your X-TYPE. If it detects that the car is not turning in accordance with your steering input, it reduces engine power and gently applies the brakes so that stability and full control are restored.

ELECTRONIC TRACTION CONTROL

Fitted to 2 litre diesel and 2 litre petrol X-TYPE, traction control uses the ABS sensors to detect wheel spin and restrict power to either of the front wheels until full adhesion is regained.

What gives a Jaguar chassis its unique, almost legendary quality is the combination of rolling comfort (isolation from the surface texture of the road) together with precise responsive handling and excellent communication with the driver, particularly through the steering.

This produces a car which is both very relaxing and comfortable to drive, but also feels highly connected and therefore very rewarding. Then we introduce the additional technology of our active safety systems - for example, Traction[®], which has a 40%/60% front/rear power split to give the optimum balance between handling response, stability and traction, and DSC which improves controllability in extreme circumstances and on low friction surfaces.

DAVID WAIDE
Chief Engineer, Chassis Group

REASSURANCE AND PROTECTION

X-TYPE SAFETY

The X-TYPE is an emphatically individual choice. Yet it's also a safe one. Extensive and effective active safety systems such as ABS, are an integral part of the X-TYPE's design, offering the reassurance of the best possible equipment to help you avoid an accident. The X-TYPE is also an exceptionally robust car with equally advanced passive safety systems, helping you to handle the unexpected.

FOUR-WHEEL-DRIVE

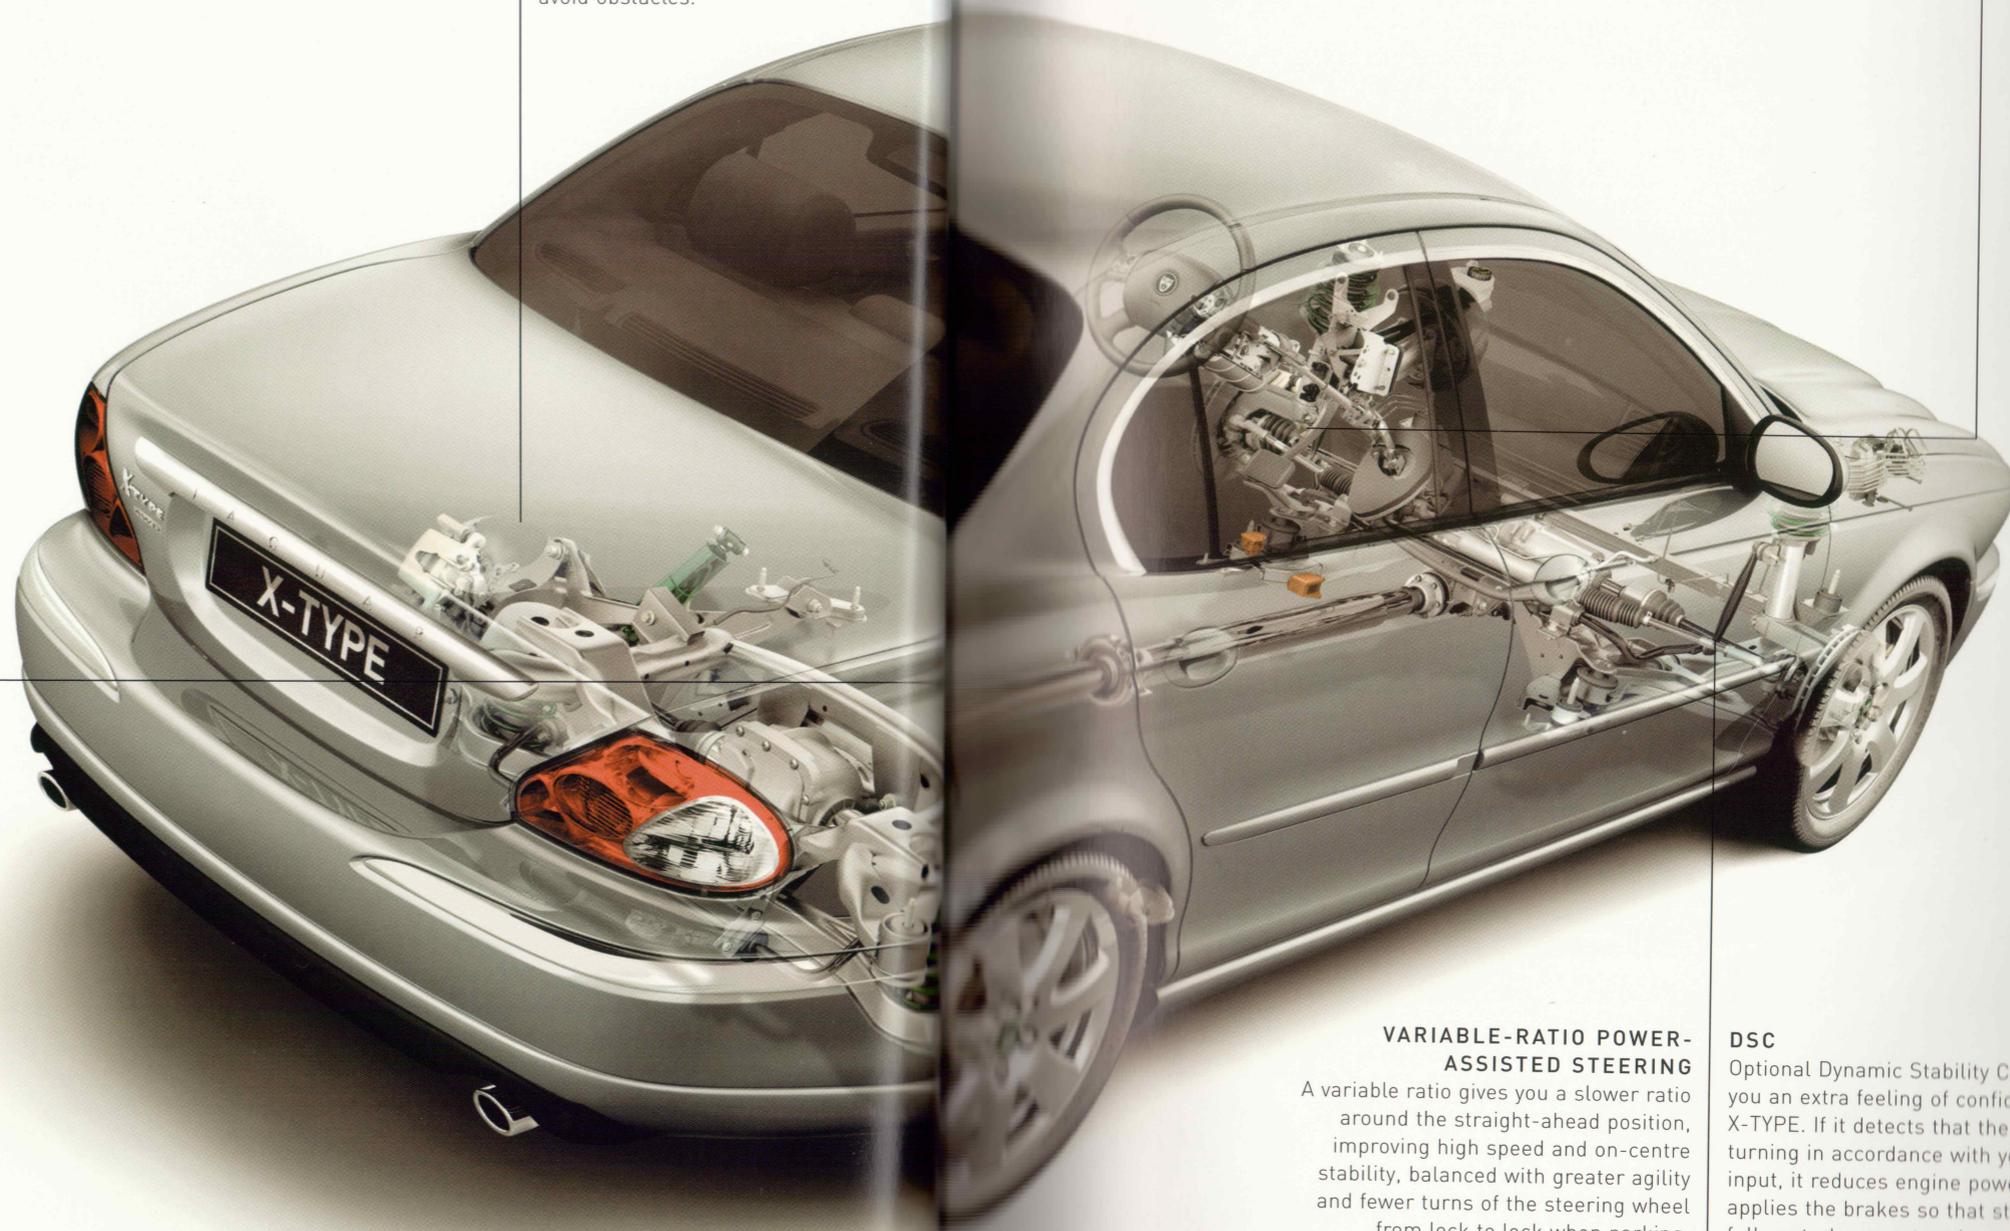

Traction[®], standard on 2.5 litre and 3 litre petrol models, normally distributes power in a 40%/60% front/rear split. But the moment it senses a difference in grip between the front and rear wheels, it redirects power to achieve optimum traction.

EBD

Electronic Brake force Distribution regulates the effort between the front and back brakes, taking the car's load and speed into account, to optimise stopping performance and vehicle stability.

ABS

The four-channel Anti-lock Braking System ensures that the wheels don't lock up during emergency braking even on wet, slippery surfaces, so it can help you retain steering control to avoid obstacles.

VARIABLE-RATIO POWER-ASSISTED STEERING

A variable ratio gives you a slower ratio around the straight-ahead position, improving high speed and on-centre stability, balanced with greater agility and fewer turns of the steering wheel from lock to lock when parking.

DSC

Optional Dynamic Stability Control gives you an extra feeling of confidence in your X-TYPE. If it detects that the car is not turning in accordance with your steering input, it reduces engine power and applies the brakes so that stability and full control are restored.

ELECTRO
Fitted to 2
X-TYPE, tr
sensors to
power to e
full adhesi

TRACTION[®]

Traction[®] four-wheel-drive, standard on 2.5 litre and 3 litre petrol models, contributes to active safety in rain, sleet, snow and ice, and proves its worth through fast or tight corners on dry roads, complementing the X-TYPE's natural stability and poise.

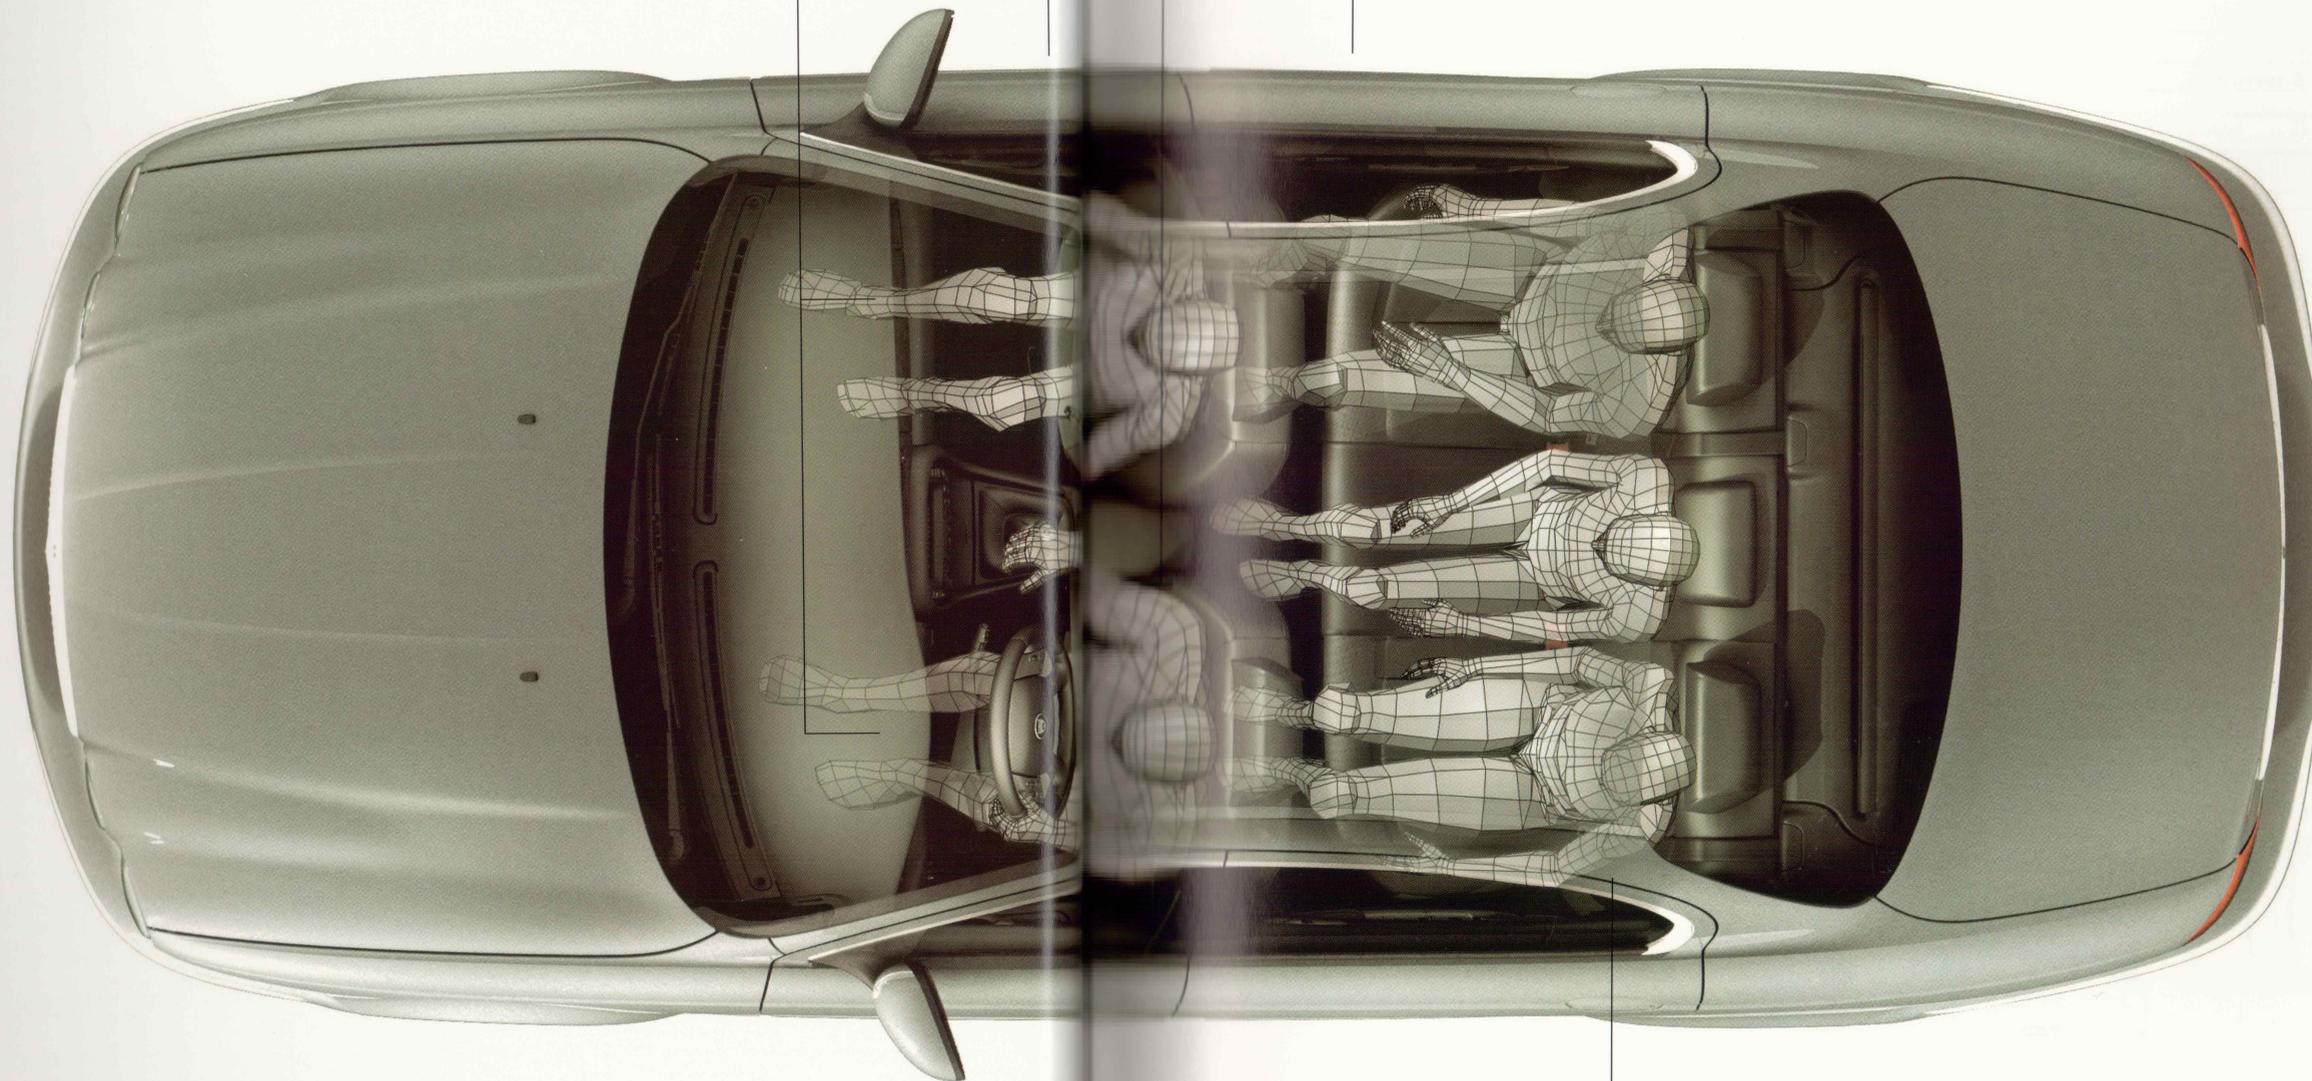

FRONT AIRBAGS
Dual-stage front
airbags react to the force of the
collision to reduce the risk of head
injury. The smaller front-seat
airbags are determined by
occupancy sensors that
detect the driver's seat,
front passenger and
whether they are being used.

FRONT BELT PRE-TENSIONERS

The X-TYPE's front seatbelts
have pre-tensioners that react
in milliseconds to hold the
occupant safely in position.

SIDE IMPACT PROTECTION

To complement its side and curtain
airbags, the X-TYPE has reinforced
anti-intrusion bars in all four doors,
to resist the force of a collision.

We spend upwards of 175,000 hours of
computer processing time assessing safety
performance on a new vehicle programme.
Multiple analysis runs are conducted from
concept through to vehicle sign-off, checking
performance through multiple crash scenarios.
The analysis enables us to understand in detail
and optimise the interaction of the structure,
powertrain, chassis, trim and restraint
systems. The entire system works as one to
offer maximum protection to the occupants.

We still crash cars as final confirmation of
safety performance. Even with the significant
use of analysis tools we will complete
approximately 160 component and system tests
and sacrifice around 80 cars to confirm what
the computers have predicted.

MARK JOHNSON
Assurance Manager, Vehicle Safety

SIDE AND CURTAIN AIRBAGS

The moment a side impact occurs, side
curtain airbags drop down from above
the doors to cover the front and side
windows, shielding the heads and
torsos of front and rear occupants. At
the same time, side airbags deploy
from the outer side bolsters of the
front seats to help protect the driver's
or passenger's rib cage.

PASSIVE SAFETY

The X-TYPE's passive safety system includes sophisticated occupancy sensing and dual-stage front airbags as standard equipment; just part of a uncompromising approach to your safety.

DRIVER AND PASSENGER AIRBAGS

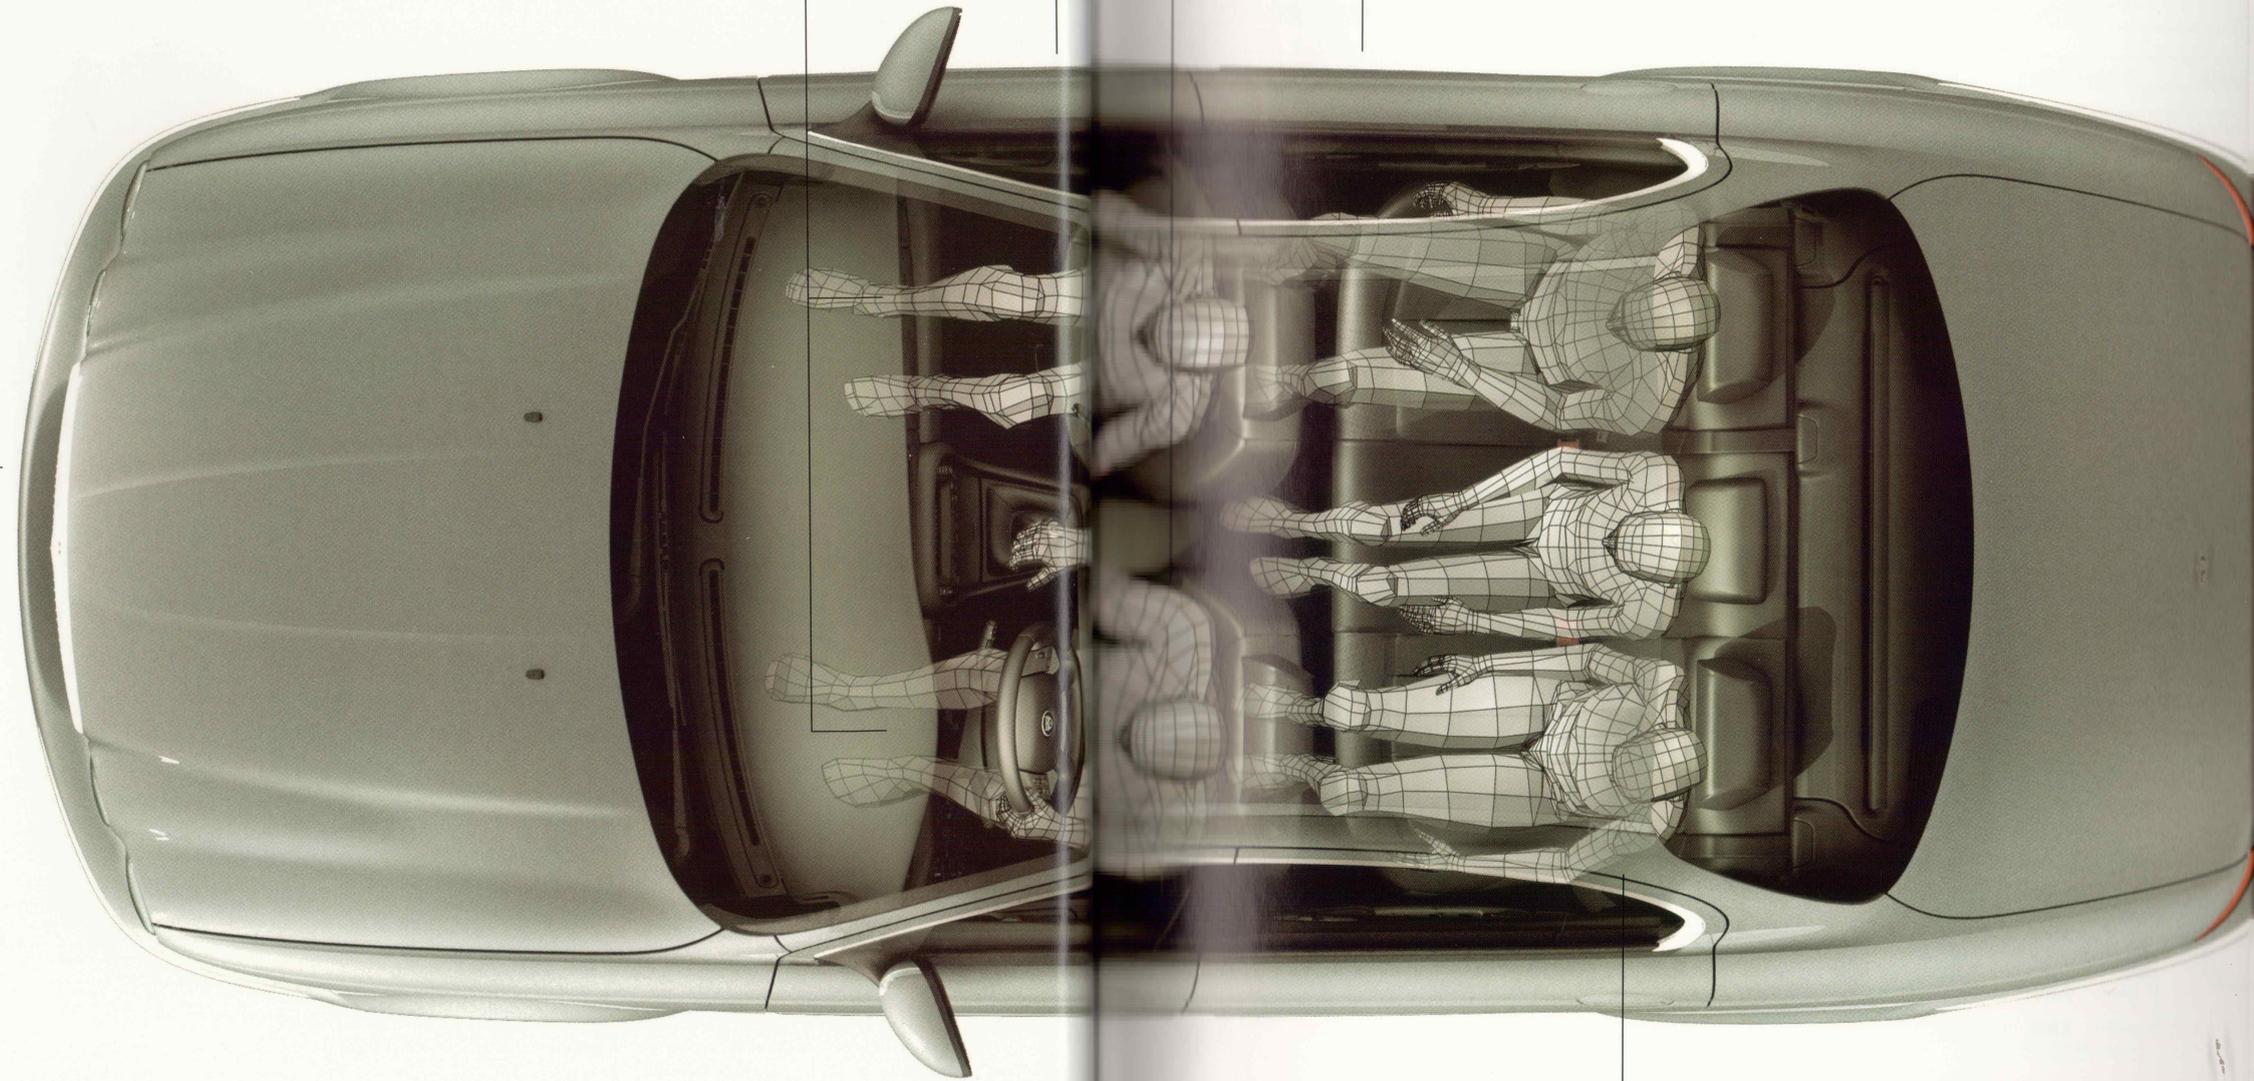

The X-TYPE has advanced dual-stage front airbags which adapt to the force of the impact, helping to reduce the risk of head injuries, especially for smaller front-seat occupants. Deployment is determined by sophisticated occupancy sensors that monitor the position of the driver's seat, the weight of the front passenger and whether seat belts are being used.

FRONT BELT PRE-TENSIONERS

The X-TYPE's front seatbelts have pre-tensioners that react in milliseconds to hold the occupant safely in position.

SIDE IMPACT PROTECTION

To complement its side airbags, the X-TYPE has anti-intrusion bars in all to resist the force of a cc

CRUMPLE ZONES

These front and rear zones are specially designed to absorb and deflect the force of an impact, dissipating its energy so that the rigid passenger safety cell can still provide the best possible protection.

OPTION FEATURES AND PACKS

AUTOMATIC HEADLIGHTS

A light sensor mounted at the front of the car monitors outside light levels. If light levels fall, it will automatically switch on the sidelights and dipped headlights.

RAIN-SENSING WIPERS

The rain-sensing wipers work automatically to clear your view in rain, snow or sleet. Sensors detect the volume of rain and adjust wiper speed accordingly.

ELECTROCHROMIC INTERIOR REAR VIEW MIRROR

Dips automatically to reduce glare from vehicles following behind.

AUTO CLEAR VIEW PACK

CONVENIENCE PACK

REAR PARKING ASSIST

Using ultrasonic sensors located in the rear bumper, rear parking assist detects objects behind you and helps you reverse by providing an audible warning which increases in frequency as you get closer.

POWER FOLD BACK EXTERIOR MIRRORS

The mirrors conveniently fold back at the touch of a button to protect them when parking in tight spaces or going through narrow gaps.

METALLIC PAINT

Like all Jaguar exterior paintwork, the metallic finish undergoes demanding testing to ensure it maintains its protective gloss and resists fading, even in the harshest conditions.

CARPET MATS

These quality made, colour-matched durable mats are tailored to fit perfectly in the X-TYPE's footwells.

LEATHER SPORTS SEATS WITH ALCANTARA®

A luxurious option: craftsman-trimmed seats combining the supple richness of leather with the hardwearing yet soft feel of Alcantara®.

ARUBA 7.5" X 18" ALLOY WHEELS

Add an extra element of individuality.

CARBON FIBRE FACIA

The contemporary, high-tech appearance of genuine hand prepared Carbon Fibre material, as used in the Jaguar F1 racing cars.

SPORT PACK 1 (Sport Pack 2 available excluding Aruba 18" wheels)
COLD CLIMATE XENON PACK (Cold Climate Pack available excluding xenon headlights)

XENON HEADLIGHTS WITH AUTOMATIC HEADLIGHT LEVELLING

The high-intensity discharge Xenon headlights provide twice the brightness of a standard halogen bulb and come with automatic levelling to eliminate dazzle for oncoming drivers.

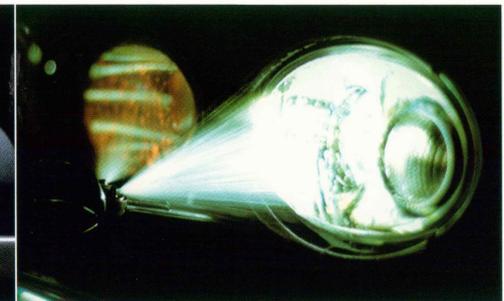

HEATED FRONT WINDSCREEN

Quickly clears the windscreen to restore visibility on a frosty day. Includes a timer to prevent unnecessary power drain.

TWO-STAGE HEATED FRONT SEATS

Two temperature settings heat the cushion and the seat back.

HEADLIGHT POWERWASH

Keeps the headlights clean to maintain essential visibility.

OPTION FEATURES AND PACKS

70/30 FOLD DOWN REAR SEAT FACILITY

Provides extra versatility and increases the carrying capacity of the X-TYPE's spacious boot.

FRONT SLIDING ARMREST

Adjusts to your preferred position for maximum comfort.

FRONT FIXED TELEPHONE

A dual-band GSM telephone that fits inside the front centre armrest. It integrates seamlessly with the car's electronics, operating either through the steering wheel mounted controls or the JaguarVoice system (where fitted).

POWER SUNROOF

The electric tilt and slide glass sunroof features one-touch opening and closing. To prevent trapped fingers, it also includes sensors that detect an obstruction.

STORAGE PACK

REAR CENTRE ARMREST WITH TWIN CUPHOLDERS

Fold down the rear centre armrest to access the twin cupholders.

TRIP COMPUTER WITH MESSAGE CENTRE

The trip computer incorporates a message centre, displaying relevant driver information, such as fuel consumption.

SKI HATCH WITH BAG

The rear centre armrest folds forward allowing the hatch to be opened and skis to be pushed through into the cabin. A built-in storage bag keeps the interior clean.

VEHICLE PERSONALISATION

Create a Jaguar as individual as you are, with personal touches that will make your Jaguar X-TYPE even more convenient and enjoyable.

Keep in touch with the sophisticated Jaguar hands-free telephone and enjoy hours of listening with the six-disc CD-Autochanger.

Enhance its good looks with a choice of stylish alloy wheels, sporty black mesh radiator grille or a wood/leather steering wheel.

Add extra carrying capacity with our range of customised roof carrying systems, specially developed towing equipment and storage accessories for the X-TYPE's interior and luggage compartment.

For more details, ask your dealer or see the full range on jaguar.co.uk.

SPORT BOX

This large volume (320 litres) roof box mounts securely onto the Jaguar roof bars and is accessible from either side for ease of loading.

Car shown: **X-TYPE SPORT** Ultraviolet paint. Featuring roof mounted cycle holders, splash guards, black mesh grille and X Triple 5, 7" x 17" alloy wheels.

SERVICE AND ASSURANCE

Jaguar Service and Assurance programmes include Standard Price Servicing, so you know the exact cost before servicing commences. Total Tyre Care, from checks on tyre tread depth and pressure, to competitively priced replacement tyres and wheel alignment. Plus Seasonal Health Checks, to ensure your Jaguar is in peak condition all year round.

ONE STOP FOR ALL YOUR JAGUAR NEEDS

Only an official Jaguar dealer can give your car all the care and attention it deserves, with Jaguar trained technicians who have access to the full range of Jaguar approved parts and tools. So that any fitting or repair is carried out exactly the way Jaguar intended.

A comprehensive range of services is available to make your Jaguar ownership experience the very best, for lasting peace of mind.

JAGUAR ASSISTANCE

Jaguar Assistance is 24 hour Incident Management support, designed specifically to help Jaguar drivers in any motoring incident, from minor difficulties such as a puncture to immobilisation due to an accident.

In the UK, our Jaguar trained roadside assistance technicians will get your vehicle back on the road in the shortest possible time. If this is not possible, Jaguar Assistance will find you and your passengers an alternative means of reaching your destination. Travel benefits include car hire, vehicle redelivery and hotel accommodation in the UK. Jaguar European Emergency Assistance affords you similar cover should you be travelling in Continental Europe.

In addition, optional Extended Warranties extend the 3 year unlimited mileage warranty cover for a further 12, 24 or 36 months (years 4, 5 and 6). Each Extended Warranty gives you extensive cover and automatically includes Jaguar Assistance. Ask your dealer for further details.

THE JAGUAR OWNERSHIP EXPERIENCE

JAGUAR FINANCIAL SERVICES

Jaguar Financial Services offer a range of finance and insurance plans tailored to provide maximum choice and flexibility. You'll be as impressed with the finance as you are with the car. Your Jaguar dealer will match your personal or business requirements to the most appropriate finance plan, provide you with quotations and process your application.

COMPANY CAR OPT OUT

Because of the changes in company car Benefit in Kind taxation introduced in April 2002, many company fleet operators and company car drivers are considering their alternatives. Jaguar Financial Services and Jaguar Cars Limited have jointly developed a combination of Jaguar Privilege PCP, Jaguar Service Contract and Jaguar Insurance finance and insurance plans for business customers and private individuals who may have chosen to opt out of their company car scheme. Please contact your Jaguar dealer for further information.

WWW.JAGUAR.CO.UK

Your personal Jaguar journey may begin with a visit to jaguar.co.uk. The website includes helpful tools such as a dealer locator, specifications and price lists, the latest information on all the Jaguar models, information on clubs, and a fascinating look into the passion and legacy that infuse the Jaguar name.

JAGUAR MAGAZINE

In this unique owners' publication, you can read about exotic and exciting drives to take with your Jaguar, stories of other Jaguar owners and their experiences with their cars, highlights on Jaguar's activity in the exciting world of Formula One racing, and the finer things that go hand in hand with a luxury lifestyle.

OWNERSHIP

Your Jaguar comes with Total Care which incorporates a 3 year unlimited mileage Vehicle Warranty, together with a 3 year unlimited mileage Paint Surface Warranty and a 6 year unlimited mileage Corrosion (Perforation) Warranty.

IMPORTANT NOTICE

Jaguar Cars Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of Jaguar Cars Limited by any express or implied undertaking or representation.

ENVIRONMENTAL NOTICE

Jaguar Cars Limited has a vision of being amongst the world's leading companies in demonstrating progress towards sustainability. We aim to do this by contributing to a better quality of life for communities affected by the design, manufacture, use and disposal of Jaguar cars. We believe that playing a supportive role in the communities in which we operate is a privilege, not an obligation. Corporate citizenship goes to the very heart of our company.

It is Jaguar's policy continually to improve its high environmental standards in all areas of business activity.

This brochure is produced using virgin wood fibre from sawmill residues, forest thinnings and sustainable forests. Pulp used are Elemental Chlorine Free.
