The New Riley

1½ LITRE and PATHFINDER

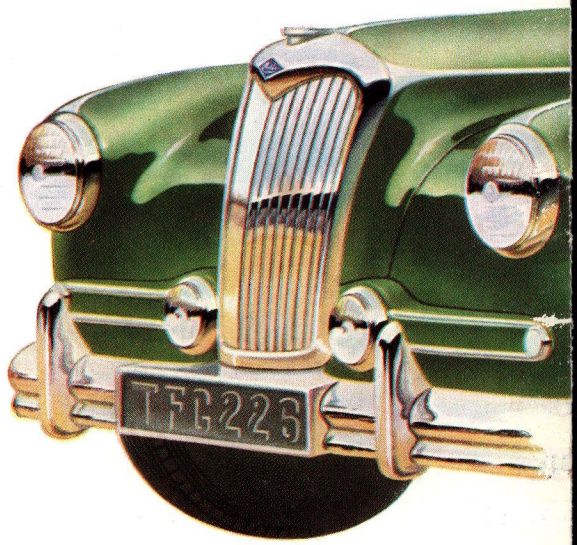

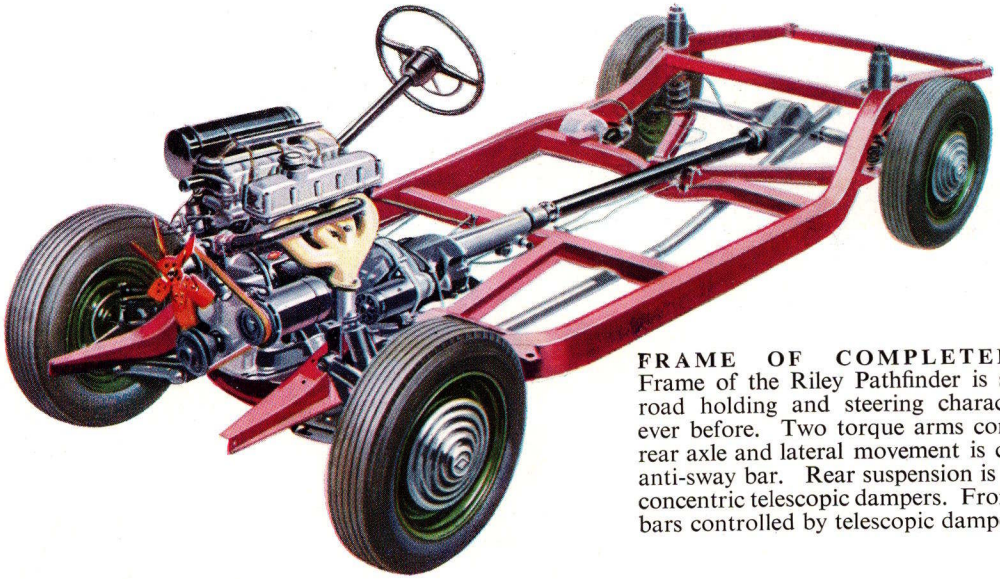

TRAVEL IN COMFORT. You ride in style, in perfect comfort, in the wonderful Riley Pathfinder. The interior has a new spaciousness with deep, wide seating for complete relaxation. Cushions and seat backs are covered with leather; upholstery and trim are in tasteful colours harmonising with the body finish. Ventilating air control keeps the interior fresh and cool in hot weather. And you have a choice of either a one-piece front seat or two bucket seats.

If owning a fine car gives you a very special pleasu
then this new Riley is built for you.

In every contour and appointment the emphasis
road-holding and fine mechanical workmanship, th
hemispherical cylinder head engine; a new steering
operating through a booster, that are always rea
into complete safety.

The Pathfinder is designed to meet the particular
particular motorists—those who take pride in th
own and enjoy "Magnificent Motoring" for its ow

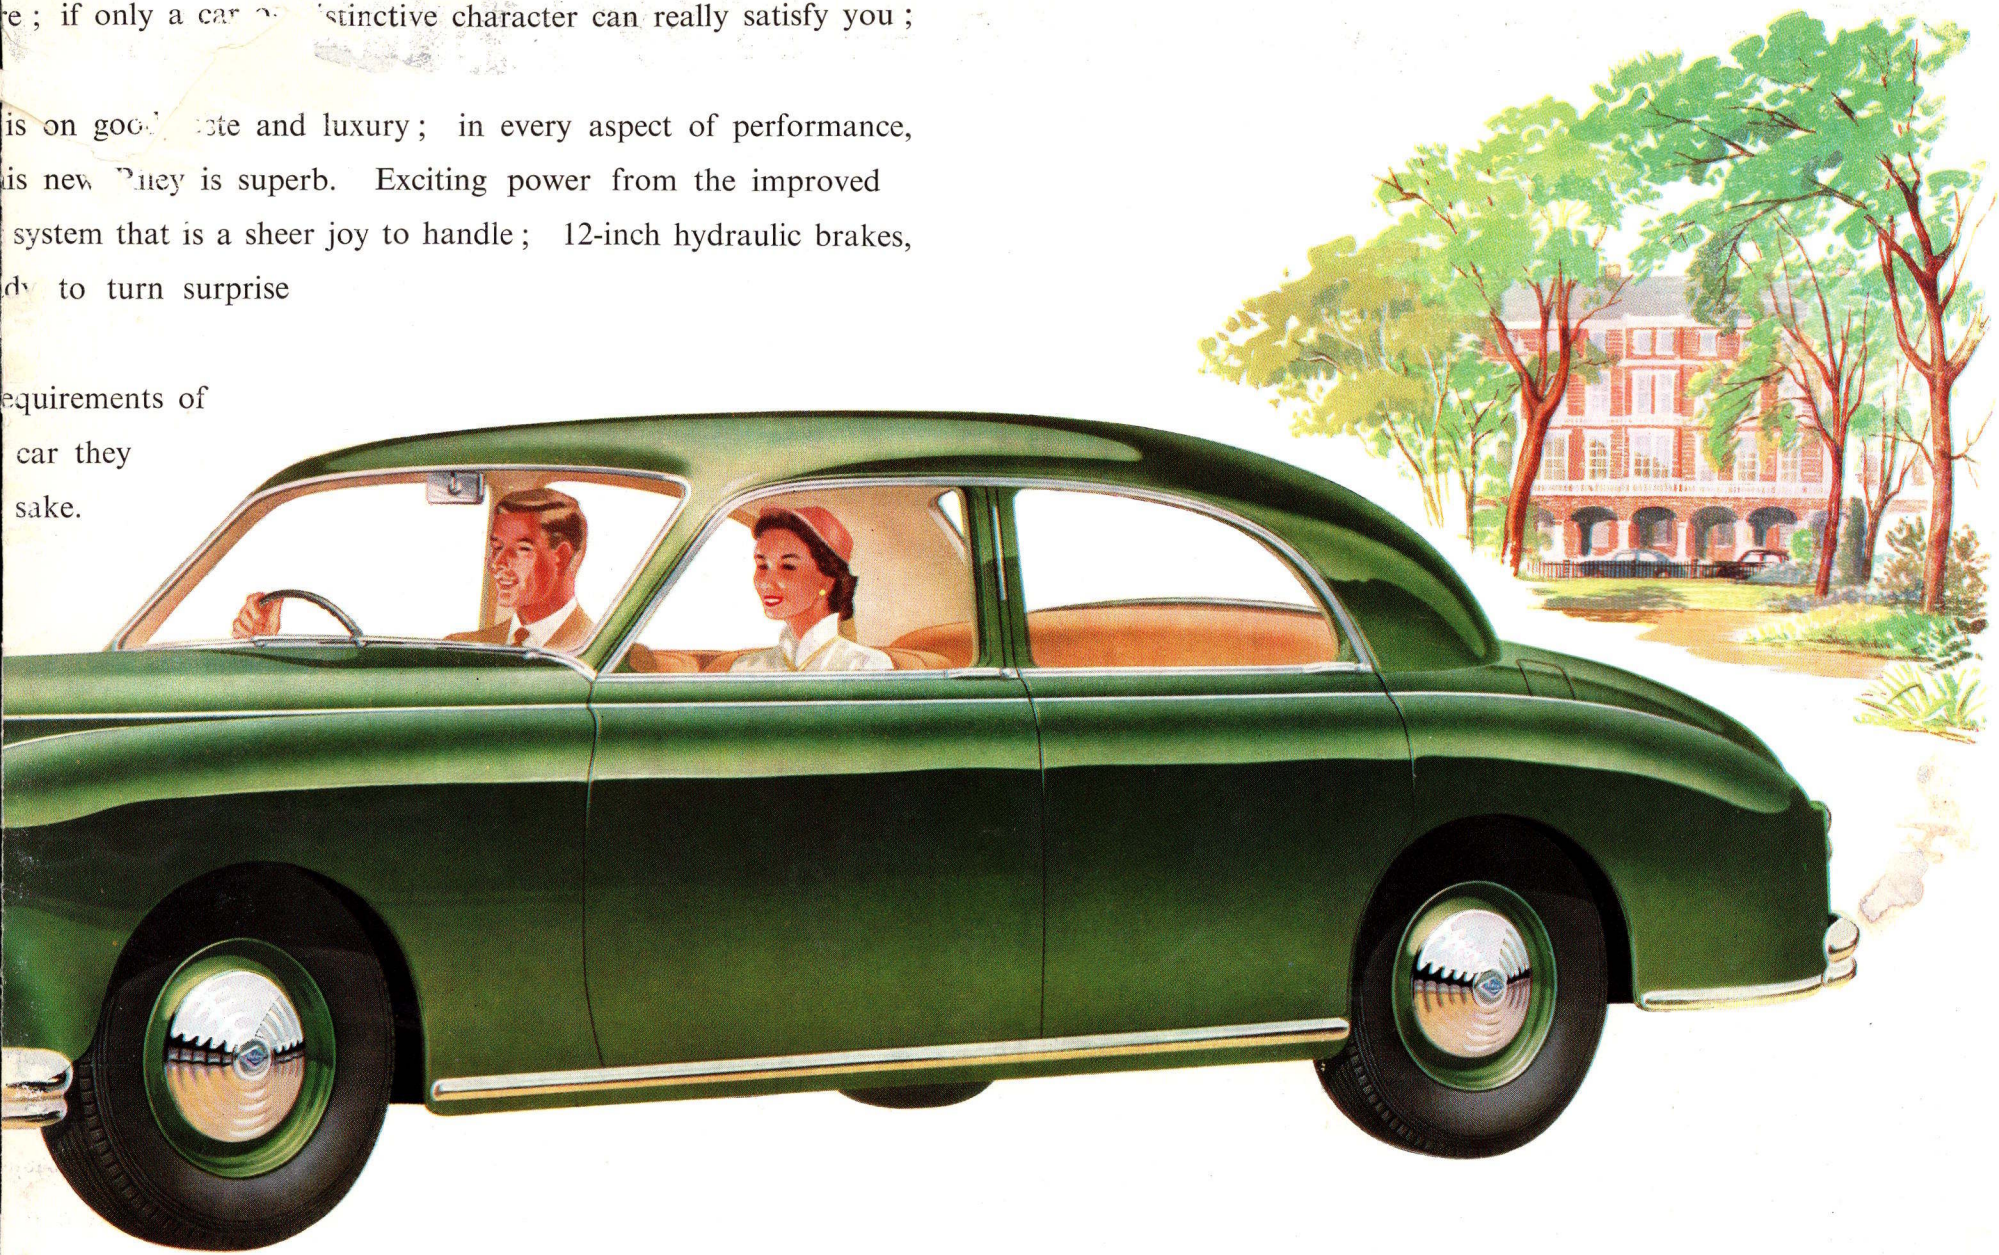

FRAME OF COMPLETELY NEW DESIGN Frame of the Riley Pathfinder is stronger, more rigid, and road holding and steering characteristics are better than ever before. Two torque arms control the movement of the rear axle and lateral movement is controlled by a transverse anti-sway bar. Rear suspension is by large coil springs with concentric telescopic dampers. Front suspension is by torsion bars controlled by telescopic dampers.

re ; if only a car o… stinctive character can really satisfy you ;

them years of " Magnificent Motoring."

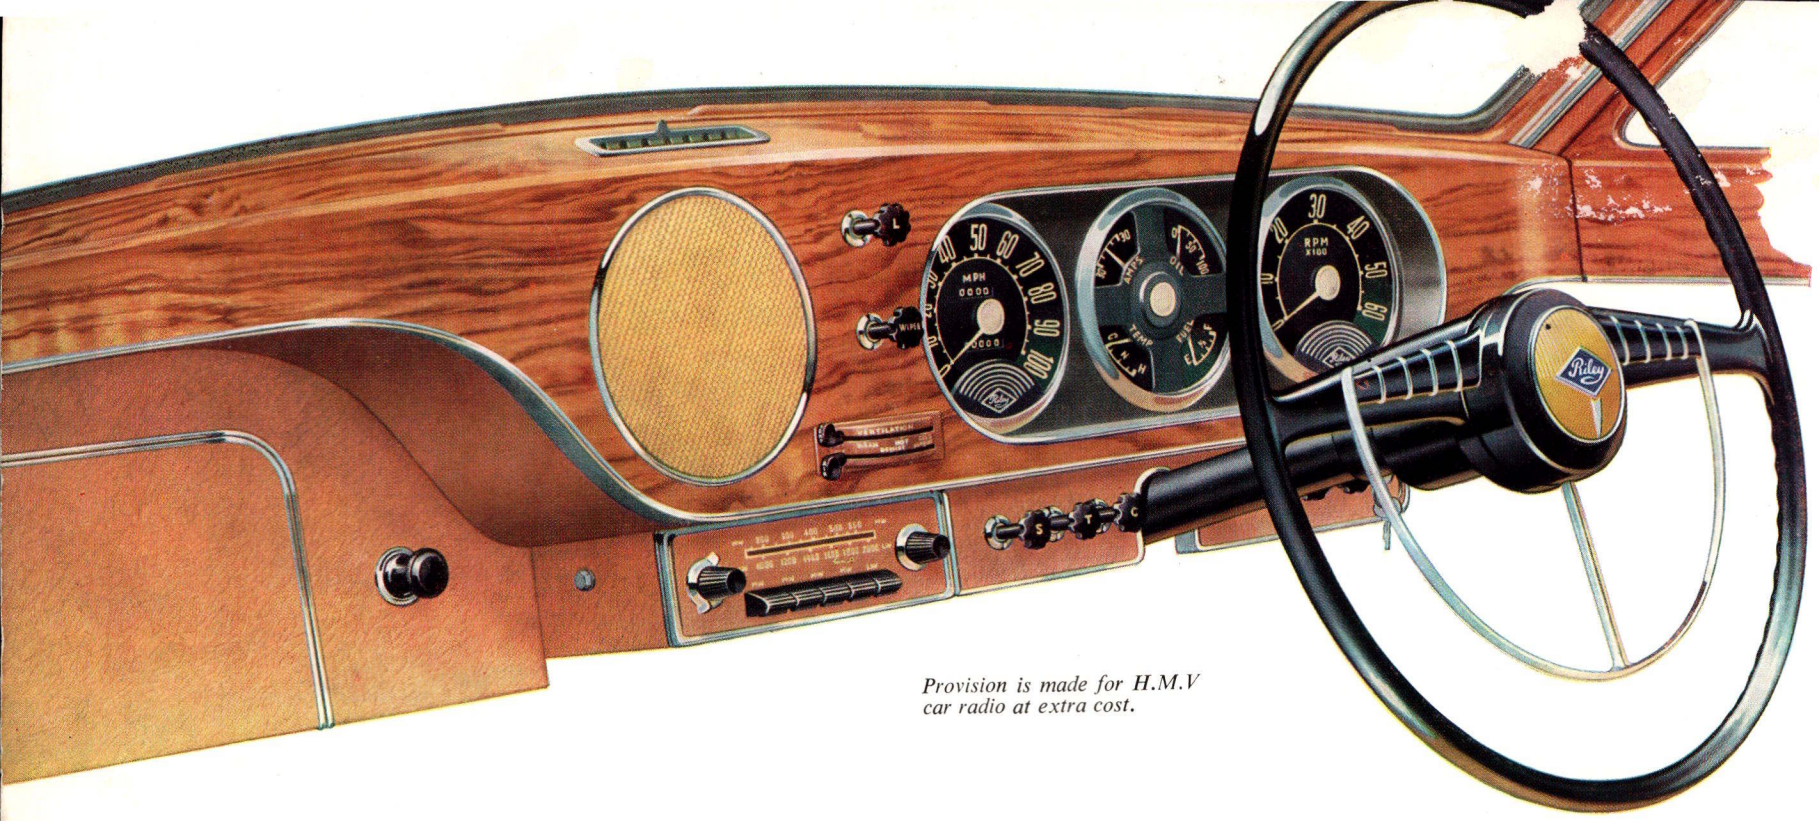

LUXURIOUS INTERIOR. Interior of the new $1\frac{1}{2}$ litre Riley is wide and roomy, styling is distinctive. Seat backs and cushions are covered with fine quality pleated leather. A central arm-rest forms part of the rear seat and an arm-rest is fitted on each rear door. Both front seats are adjustable. In territories where it will be required, a car heater is a standard fitting.

LUGGAGE LOCKER OF USEFUL SIZE. A surprising amount of luggage can be stored in the capacious locker. To give extra space, and added convenience, the spare wheel is stored in a separate compartment. Metal floor runners in the locker protect the luggage from damage.

AUTOMATIC REVERSE LAMPS Handsome stop- and tail-lamps and twin reverse lamps are mounted in the rear wings. The reverse lamps are automatically illuminated when reverse gear is engaged.

ROUTE FINDING EASIER Lid of the glove box on the passenger's side hinges downwards to form a useful shelf for map reading. A lamp illuminates the shelf from above.

SAFE, CONFIDENT REVERSING Rear window is extra large and curved to blend with the contour of the body. The driver has an excellent rearward view. Filler cap of the 13-gallon (59-litre) petrol tank is concealed.
